Redondo Beach, CA 90278REQUEST FOR EXTENSION - MONADNOCK SITE,
CITY OF INDUSTRY (CAO NO. 88-057)

Your request for an extension, received April 26, 1990, for items 10f and 10g of the subject Cleanup and Abatement Order (CAO) has been reviewed. The necessity for assessment phases to be at least partially completed before remediation can be properly planned is reasonable.

The requested extension to June 29, 1991 is perhaps too long. It is suggested that after our review letter of the workplan for item 10c has been received by you, a meeting be held to discuss the time schedule for a revised CAO. If you have any questions, please contact Philip Chandler at (213) 266-7537.

A handwritten signature in dark ink, appearing to read "Roy R. Sakaïda", is positioned above the typed name.
